Session Note Signature Authorization Form

At the end of each ABA treatment session, the Board Certified Behavior Analyst (BCBA)/Registered Behavior Technician (RBT) completes a session note that highlights the medical necessity of ABA services, client goals/objectives worked on, and overall progress. As such, we have each BCBA/RBT and an authorized representative (e.g., parent, caregiver, etc) also sign the session note to ensure accuracy of services provided for our funding sources.

Client Name		Client DOB	
--------------------	--	-------------------	--

I _____ (parent name) hereby authorize _____ (family member or guardian) to sign the ABA session note, as an authorized representative.
