

*Different by Design.
Connected by Purpose.*

ONE CAMP. EVERY CHILD BELONGS.

Endeavor is a specialized program within Crestwood Day Camp that provides the structure, coaching, and support some children need to **fully experience** everything Crestwood has to offer.

Endeavor is designed for children who may need additional support with social skills, flexibility, attention, executive functioning, anxiety, or navigating the demands of a traditional camp setting.

*The difference isn't where our campers go.
It's how we help them succeed along the way.*
