

PARTNERING TO MAKE A DIFFERENCE

When Children's Mercy, one of the nation's best pediatric health systems, partners with medical and behavioral health providers you trust, you get the highest level of care for your child.

Integrated networks of Kansas City's top medical and behavioral health providers, working together, to improve care collaboration and operations with the aim to provide better access, better coordination, and better outcomes for all our patients and families.

- Dedicated to keeping patients healthy
- Sharing best practices and improving care delivery
- Connected to over 900 pediatric specialists at Children's Mercy and over 400 primary care providers within Children's Mercy Health Network (CMHN) and Pediatric Care Network (PCN).
